environmental principles and policies uses environmental and social principles to analyse the latest wave of economic based and market orientated environmental policies currently being adopted around the world this book provides an in depth examination of six key principles

that have been incorporated into international treaties and the national laws of many countries ecological sustainability the polluter pays principle the precautionary principle equity human rights public participation these principles are then used to evaluate a range of policies including pollution charges emissions trading water markets biodiversity banks and tradable fishing rights environmental principles and policies is easily accessible using non technical language throughout and in what sets it apart from other books on environmental policy making it takes a critical and interdisciplinary approach it does not set out policies in a descriptive or prescriptive way but analyses and evaluates policy options from a variety of perspectives this enables readers to gain a thorough grasp of important principles and current policies as well as demonstrating how principles can be used to critically assess environmental policies

the end of the cold war has seen an international proliferation of parliamentary bodies of all types and at all levels how can this process of parliamentarization be assessed and under what conditions do these institutions operate this book explores how regional integration and globalization are developing from a parliamentary perspective

this book traces the development of the osce from the opening of negotiations in 1973 of the helsinki final act up to its 50th anniversary in 2025 focusing on the transition from a bridge between eastern and western europe and the us and canada during the final 15 years of the cold war to its post cold war focus on managing conflicts in the post communist regions of europe after the cold war it analyzes developments in this region as a competition between realist and liberal institutionalist ideas arguing that the osce was constructed by its participating states as a liberal international institution that has succumbed to a renewal of realist ideas and actions that have reappeared in the first 25 years of the 21st century and have thereby threatened its effectiveness in enhancing security cooperation and peace in europe culminating with the russian invasion of ukraine
